

LEADERSHIP GOALS

BETA

COLLEGE & CAREER READY
LEADERSHIP SUMMIT

**GREAT WOLF LODGE
CONCORD, NC**
October 13-15, 2013

Beta College and Career Readiness define the qualities and achievements that students need to complete in order to be ready to enroll, persist, and succeed in college, post-secondary training opportunities, and gain entry into meaningful careers. To guide our collective efforts toward our shared goal of preparing all students for success after graduation, we have identified four essential domains of student development: Common Core Learning Standards, Leadership and Personal Behaviors, Service and Connection to community, and College and Career Access. These domains provide links for teachers, schools, and students to achieve college and career readiness at all levels.
